

Alerts/Notifications

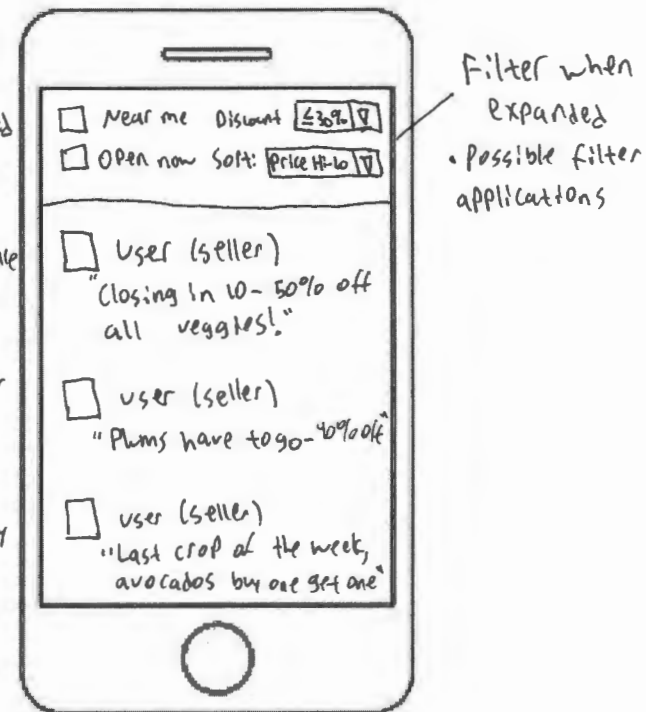

Will display Alerts of food supply (if following a specific item or person), weather cancellations,

Alerts/Notifications Clicked on (expanded)

Deals clicked on (expanded)

Notes:

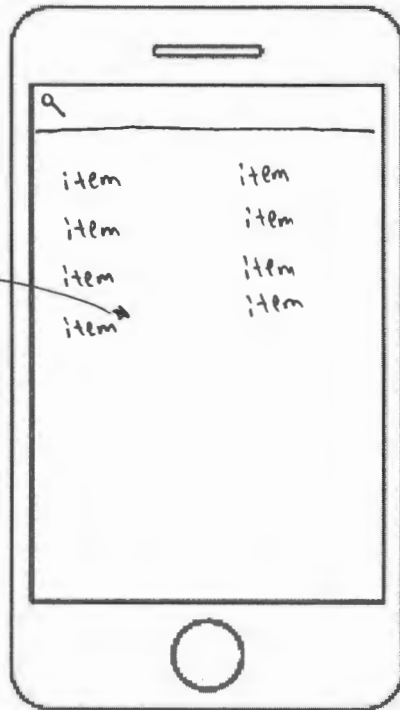

Notes: Displayed alerts are seller posted, and shown in chronological order by default.

- Items can be "watched", by putting them in your "basket". Any changes of an item in your basket will bring you an alert.

- This page will show alerts as a result from sellers and markets only.

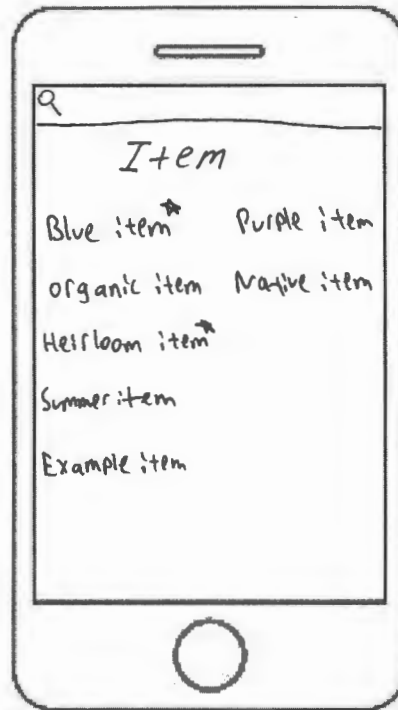

Notes: Shows deals posted by sellers, and can be filtered for the quickest and most concise results.
